APPLICATIONS

The U-E10 leveller is a 1/16" (1mm) clover-shaped shim. Placed on the Buzon pedestal, it stabilises the paver, provides additional acoustic values, and because it can be split, it compensates for variations in paver thickness.

SAFETY INSTRUCTIONS

Buzon pedestals and accessories are designed to support external raised floors for pedestrian traffic only and are not designed to support or be subjected to moving and/or vibrating machinery & equipment, including maintenance, cleaning vehicles, automobiles and other similar equipment.
